

### WELCOME TO THE 2019 NISSAN LEAF DIGITAL BROCHURE

Full of images, feature stories, and all the specification and trim level information you need to help select your Nissan LEAF.

## NISSAN INTELLIGENT MOBILITY

Nissan Intelligent Mobility guides everything we do. We're using new technologies to transform cars from mere driving machines into partners. Together the journey is more confident, connected, and exciting. Whether it's cars that share the task of driving with you, or highways that charge your EV as you go along, it's all in the very near future. And it's a future already taking shape in the Nissan you drive today.

#### **NISSAN LEAF®**

Isn't it time you were passionate about the vehicle you drive? Welcome to the 2019 Nissan LEAF.

GUIDE

# Nissan LEAF® Simply amazing.™

Embrace the excitement of more range and more power with more options than ever. Now you can choose between a 62 kWh battery with up to 363 km of range¹ or a 40 kWh battery with up to 243 km of range.¹ You'll even drive with more confidence, thanks to a suite of driver assistance features that help keep an eye out. It's all part of Nissan Intelligent Mobility.²,³ The 2019 Nissan LEAF. Simply amazing.

# Feel free to enjoy the ride

Helps keep you centred - Helps mainta even in gentle curves speed and

Helps maintain your preset speed and distance

Can even come to a complete stop

¥a 3 10:17

## Feel the rush of instant acceleration

It's an experience unlike any other, thanks to the all-new 160 kW motor, powered by some of the most advanced battery technology in the world.<sup>3</sup> It starts the first time you accelerate and feel 100% instant torque push you into the back of your seat. Then there's the wonder at the intensity of 214 horsepower coming from a car so amazingly quiet.<sup>3</sup> And with no gas or tailpipe emissions,<sup>4</sup> your everyday drive turns into something truly extraordinary.

## ProPILOT ASSIST

With ProPILOT Assist,<sup>3</sup> the Nissan LEAF® helps out with daily highway driving – helping you follow the car ahead at a preset distance or helping keep you centred in your lane. It can even bring you to a full stop based on the traffic flow, and can bring you back up to speed when traffic starts moving again. It all adds up to a more confident, enjoyable drive.<sup>5</sup>

## NISSAN INTELLIGENT MOBILITY

# Reinvent the drive

#### DRIVER ASSISTANCE FEATURES ARE ON THE LOOKOUT

Imagine being surrounded by confidence on every drive. Nissan Intelligent Mobility includes features that monitor in front of you, behind you, and on either side, and can step in to help keep you out of trouble<sup>2,3</sup>

Intelligent Emergency Braking with Pedestrian Detection<sup>3,7</sup>

Intelligent Around View® Monitor<sup>3,8</sup>

Rear Cross Traffic Alert<sup>3,9</sup>

Intelligent Lane Intervention<sup>3,10</sup>

Blind Spot Warning<sup>3,11</sup>

High Beam Assist<sup>3</sup>

## e-Pedal - ONE-PEDAL DRIVING

Take advantage of driving with one pedal. Just press down for an instant rush and ease off to slow down. It's an innovative way to drive that's not only fun, but helps you drive more efficiently. Of course, going back to driving with two pedals is as easy as flipping a switch.

## INTELLIGENT EMERGENCY BRAKING WITH PEDESTRIAN DETECTION

The 2019 Nissan LEAF® looks out for vehicles ahead and pedestrians crossing in front of you. It monitors your speed and distance between you and the car ahead, and can let you know if you need to slow down. It can even automatically engage the brakes to help avoid a collision or lessen the severity of an impact. And when it detects a pedestrian in the crosswalk, it can apply the brakes for you.<sup>3,7</sup>

## NISSAN INTELLIGENT MOBILITY

Get your day started with NissanConnect® EV with Services

Your Nissan LEAF® is powered up and you're connected - and you haven't even stepped out of the house yet. Just use the NissanConnect EV & Services app on your compatible smartphone to lock and unlock your doors, heat or cool your cabin while charging, and more. 3,12,13,14,15

### Connect the way you want

Surprising smartphone connectivity brings what's important from your compatible smartphone and puts it on the touchscreen display.3 With features like Android Auto,™ you can enjoy access to apps, texts, calls, and more. And you'll stay charged up with a standard USB port. 12,15,21

### Charging up at Home

Charge up overnight when electricity rates are often lower using the FLO® Home X5 residential charging station. It's made with quality Canadian parts and allows you to log into a secured online portal to track usage and configure your settings.15

FLO® HOME X5 CHARGER

#### **HOME CHARGING - 240 V**

62 kWh BATTERY Range Up To 363 km (226 miles)16 Approx. 11.5 Hours = Full Charge<sup>17</sup>

40 kWh BATTERY Range Up To 243 km (150 miles)16 Approx. 8 Hours = Full Charge<sup>17</sup>

### Charging up on the Go

An ever-expanding network of public EV charging stations and a standard 120-V/240-V portable charge cable means you're never far from your next charge. Just use the menu on your LEAF's centre touch-screen display<sup>3</sup> - you can even filter for the type of charger you are looking for, type of payment method, and more. 12,19

## PUBLIC DC OUICK CHARGING<sup>19</sup>

62 kWh BATTERY Range Up To 363 km (226 miles)<sup>16</sup> 100 kW DC Quick Charging Approx. 45 Minutes = 80% Charge<sup>17</sup> 50 kW DC Quick Charging Approx. 60 Minutes = 80% Charge<sup>17</sup>

40 kWh BATTERY Range Up To 243 km (150 miles)16 50 kW DC Quick Charging Approx. 40 Minutes = 80% Charge<sup>17</sup>

#### A DAY IN THE LIFE OF NISSAN LEAF

Wake up fully charged and start off in comfort with remote climate control (a great way to help extend range). Nissan LEAF is ready. Let's go!<sup>3,12</sup>

Take the easy way to work. Activate ProPILOT Assist to enjoy a more relaxing morning commute.<sup>3,5</sup>

72°F

Get there faster with single-occupancy access to the carpool/HOV lane. Your reward for driving electric (select provinces only).18

Go into town for lunch. Take note of the Quick Charger. You don't need it today, but you can get an 80% charge in 45 minutes. Just enough time to say "Cheque, please!"

Grab some groceries for tonight's dinner. You can find somewhere local with a charger on the Zero Emissions menu, but with up to 363-km (226-mil range, you really don't need to. 3,12,16

Check how efficiently you've been driving on the new customizable digital display. Or get directions, charge times, and more.<sup>12,16,2</sup>

Just another day of driving electric. No gas, no emissions.<sup>4</sup> Once you're home, start an overnight charge on the NissanConnect EV App.<sup>3,12,13,14</sup>

# Grab hold of a driver-centric design

It's all around you. Bold lines, distinctive touches, and the sense that this is a vehicle like no other. LEAF's driver-centric environment proves you don't have to sacrifice comfort or convenience when driving electric. With features like a D-shaped steering wheel, distinctive centre console, and a "floating" touch-screen that puts your phone on centre stage,<sup>3</sup> it's clear this interior was designed with you in mind.

Apple CarPlay<sup>®12</sup>

Automatic Climate Control System Heated front seats, rear seats, and steering wheel

Push Button

USB Connectivity<sup>15</sup>

#### **CUSTOMIZABLE DISPLAY**

Customize every detail of your drive, from range to power use to navigation, on a stunning, full-colour screen. This is the information age on full display.

Audio Information

# A cabin so quiet you can experience comfort at the perfect decibel

With comfortable leather-appointed seats for all,<sup>3</sup> impressive sound-dampening, and the Bose® Energy Efficient Series Premium Audio System,<sup>3</sup> enjoy the perfect environment to hear yourself think or pump your favourite music at your preferred volume. Bose® engineers created an audio system with seven lightweight, strategically placed speakers that saves power, without sacrificing sound quality. All so you can rock out more efficiently. And with flexible cargo space, you've got room to do more. With all seats up, you've got seating for five and room for plenty of luggage. All seats down allows you to bring a bicycle, and then some, for those weekend excursions. And drop down one of the rear seats for the perfect mix of cargo and seating.<sup>23</sup>

#### **GENUINE NISSAN ACCESSORIES**

Every Genuine Nissan Accessory is: custom-fit, custom-designed and durability-tested; available for finance and backed by Nissan's 3 year/60,000 km Accessories limited warranty when installed by dealer at time of your vehicle purchase.25

- A. Clear Front Bumper Protector Shields up!
- B. Chrome Rear Bumper Protector Leaving your mark isn't always the best thina.
- C. All-season Moulded Floor **Protector** Keep mud, rain, and snow at bay.
- D. Crossbar Solution Exceptionally strong and lightweight. Compatible with ski, snowboard, bike, kayak, SUP carriers and cargo boxes.<sup>23</sup>

#### **Additional Accessories:**

- Carpeted Floor Mats
- Carpeted Cargo Mat Cargo Organizer<sup>23</sup>
- Rear Cargo Cover
- Cargo Net<sup>23</sup>
- Nissan Valve Stem Caps
- And More

See your Nissan dealer for details, or go to accessories.nissan.ca

## Plug into savings embrace the freedom

**OWNERSHIP COSTS GO DOWN** Current energy prices can make charging your Nissan LEAF® less expensive than filling up with gas. And with no oil changes or transmission to worry about, your monthly and yearly savings add up to an impressive amount of money back in your pocket.

FREE TIME GOES UP Fewer parts to maintain means more time to focus on things you'd rather be doing. You'll almost feel bad for your mechanic. Almost.

### 100% ELECTRIC NISSAN LEAF FAOS

#### Does the Nissan LEAF use gasoline?

No. never, Nissan LEAF runs off of 100% electric battery power, no gas needed. In fact, it doesn't even have a tailpipe.

#### Will the price include the battery pack? Or will there be an option to rent/lease the battery pack?

The total cost of the vehicle includes the battery pack. Both lease and purchase options are available for the vehicle, but not for just the battery pack.

#### Can I charge if I'm not at home?

Yes. Across the country you'll find a public infrastructure of charging stations. Visit **chargehub.com** or **flo.ca/on-the-go** (apps also available) to find a station near you.19

#### Will there be more public charging stations in the future?

The public charging network is expanding every day, with over 6,527 Level 2 (240 V) and 1,760 Level 3 Quick charging stations in place. For a faster charge, DC quick-charging stations are capable of giving you an 80% charge in just 45 minutes (100 kW).17,19,27

#### Am I required to buy the home charging station when I purchase my Nissan LEAF?

You can charge your Nissan LEAF at home with the portable 120-V/240-V charging cable. However, the home charging dock is recommended and more adapted to a daily usage

#### How long will it take to charge my Nissan LEAF at home?

With the 240-V home charging dock or 120-V/240-V portable charge cable, your 2019 Nissan LEAF will be fully charged in as little as 8 hours.<sup>28</sup>

#### Will charging my Nissan LEAF increase my electricity bill?

The average driver should see only a moderate bump in their monthly electricity bill - and if you charge during off-peak hours, even less though the savings in gas money should more than make up for it.

#### Can I drive my Nissan LEAF on the highway?

Of course! Nissan LEAF is highway-ready, with instant torque and highway-capable speeds. Even better, Nissan LEAF qualifies for a single-occupancy HOV access in select provinces, so you can use the carpool lane any time you want.18

#### What happens if I run out of charge?

Nissan LEAF comes with helpful tools that keep you aware of your battery level at all times. However, for added peace of mind, every Nissan LEAF comes with three years of complimentary roadside assistance.<sup>12</sup>

#### Does the battery come with a warranty?

Yes, Nissan LEAF's advanced battery is protected against capacity loss below 9 bars of capacity (out of 12) for 8 years/160,000 kilometres (whichever occurs first).29

#### Does Nissan LEAF have the same safety features as a conventional car?

Yes. Nissan LEAF comes with a suite of new Nissan Intelligent Mobility technologies. You can enjoy Intelligent Emergency Braking,7 Intelligent Forward Collision Warning<sup>3,30</sup> and other features like Blind Spot Warning<sup>3,11</sup> and Intelligent Lane Intervention.<sup>3,10</sup>

Nissan's environmental action plan focuses on several key areas. In addition to increasing production of Zero Emission vehicles like the 100% electric LEAF, we're improving fuel efficiency across our lineup, and reducing the environmental impact of manufacturing through energy-efficient practices in our plants.

Cargo volume with rear seat down - L (cu. ft.)

Use for comparison only. 2Availability of features vary by vehicle model year, model, trim level, packaging, and options. <sup>3</sup>Available feature. <sup>4</sup>For tailpipe emissions. <sup>5</sup>ProPILOT Assist cannot prevent collisions. Always monitor traffic conditions and keep both hands on the steering wheel. See Owner's Manual for safety information. <sup>6</sup>Monitor traffic conditions and use conventional brake as needed to prevent collisions. See Owner's Manual for safety information. <sup>7</sup>IEB and IEB with Pedestrian Detection cannot prevent all collisions and may not provide warning or braking in all conditions. Driver should monitor traffic conditions and brake as needed to prevent collisions. See Owner's Manual for safety information. <sup>8</sup>IAVM cannot eliminate blind spots and may not detect every object. Driver should always turn and check surroundings before driving. See Owner's Manual for safety information. <sup>9</sup>RCTA may not detect all vehicles. See Owner's Manual for safety information. <sup>10</sup>ILI only operates when lane markings are detectable. See Owner's Manual for safety information. 11BSW cannot prevent collisions and may not detect every object or warn in all situations. Driver should always turn and look before changing lanes. See Owner's Manual or safety information. <sup>12</sup>Feature availability is dependent on vehicle model, trim level, packaging and options Compatible connected device may be required and feature availability may be dependent on device's capability Refer to connected device's Owner's Manual for details. Late availability for some features. Driving is serious business and requires your full attention. Only use features and connected devices when safe and legal to do so Some features, including automatic crash notification and SOS, are dependent upon the telematics device being in operative condition, its ability to connect to a wireless network, compatible wireless network availability navigation map data and GPS satellite signal receptions, the absence of which can limit or prevent the ability t reach Customer Care or receive support. GPS mapping may not be detailed in all areas or reflect current road status. Never program GPS while driving. Only use Remote Horn features in accordance with any laws, rules or ordinances in effect in your vehicle's location. Some services and features are provided by independent companie not within Nissan's control. Should service provider terminate or restrict service or features, service or features. may be suspended or terminated without notice or with no liability to Nissan or its partners or agents. Services and features may require compatible cellular network provided by independent companies not within Nissan or its partners' or agents' control. Cellular network signal strength may vary and may not be available in all areas or at all times. Services and features may not function if cellular network is unavailable, restricted, or terminated. Nissan and its partners or agents are not responsible for associated costs or other third party changes that may be required for continued operation due to cellular network unavailability restriction or termination (including equipment replacements/upgrades, if available, or roaming charges on alternative networks). Technology is evolving, and changes by independent companies are not within Nissan's or its partners' or agents' control. Enrollment, owner consent, personal identification number (PIN), and subscription agreement may be required to receive full suite of features and services. Trial periods (if applicable) begin on the date of vehicle purchase or lease of a new Nissai Trial periods may be subject to change at any time and may be subject to early termination without notice. Required subscriptions may be sold separately for each available feature or service after trial period ends, and may continue until you call service provider to cancel. Installation costs, one-time activation fee, other fees and taxes may apply Fees and programming subject to change. Feature may be subject to age restrictions in some areas. Subscriptions governed by service provider's subscription agreement, terms and conditions and privacy statements available at service provider's website. Text rates or data usage may apply. The Nissan names, logos and slogans are trademark: owned by or licenced to Nissan Motor Co. Ltd. or its North American subsidiaries. Other trademarks and trade name are those of their respective owners. For important safety information, system limitations, and additional operating and feature information, see Dealer or Owner's Manual. <sup>13</sup>Availability of specific features is dependent upon the phone's Bluetooth® support. Please refer to your phone Owner's Manual for details. Bluetooth® word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Nissan is under licence. 14XM® and SiriusXM® Satellite Radio is available in the 10 Canadian provinces and the 48 contiguous United States. Subscription sold separately after trial period. All subscriptions subject to customer agreement at siriusxm.ca/terms. All fees and programming subject to change. ©2019 Sirius XM Canada Inc. The Sirius,® XM,® and SiriusXM® names and al related marks and logos are trademarks of Sirius XM Radio Inc. All other trademarks are the property of their respective owners. <sup>15</sup>Driving is serious business and requires your full attention. If you have to use the connected device while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. Externa device not included. <sup>16</sup>Mileage estimates only. Range will vary depending upon driving/charging habits, speed, conditions, weather, temperatures, and battery age. <sup>17</sup>Charging capacity and times may vary based on battery temperature. <sup>18</sup>HOV access varies by province. Please consult provincial laws for eligibility. <sup>19</sup>Availability/accessibilit of charging stations is not guaranteed. <sup>20</sup>Never program while driving, GPS mapping may not be detailed in all areas or reflect current road status. <sup>21</sup>Use Hands Free Text Messaging when parked in a safe location. If you must use while driving, monitor traffic conditions and keep both hands on the steering wheel to prevent collisions Compatible device required. Message and data rates may apply. <sup>22</sup>ICC uses limited braking and is not a collision avoidance or warning system. Driver should monitor traffic conditions and brake as needed to prevent collisions See Owner's Manual for safety information. <sup>22</sup>Cargo and load capacity limited by weight and distribution. Always secure capo. Cargo hown for display purpose only. <sup>25</sup>Extra cost option. <sup>25</sup>See your Nissan dealer and read the actual limited warranty for complete details. <sup>26</sup>Your Annual Gas Savings is the result of Daily Savings multiplied by the number of days in the month (30) and the number of months per year (12). Daily Savings is the Nissan LEAF® Daily Cost (km/miles driven daily/Nissan LEAF® MPG, multiplied by MPGe) subtracted from Daily Cost (km/miles driven daily/MPG, multiplied by the national average of the cost of gas). Your actual gas savings will vary due to a number of factors, including driving conditions, vehicle maintenance, gas prices in your specific geographic location, and changes in energy costs. Annual and Dally savings are calculated based on Electricity and Gas rates of the province of Quebec, as of May 2019. Calculation Method is designed on an average of 40 kilometres driven per day, and 10 litres per 100 km for the difference versus an internal combustion engine vehicle. <sup>27</sup>Data collected by Chargehub and does not take Tesla charging stations into account. <sup>28</sup>Approximate time, with available 240-V nome charging dock (sold separately). <sup>27</sup>The limited Nissan LEAF® lithium-ion battery warranty includes coverage for defects in materials or workmanship for 8 years/160,000 kilometres (whichever occurs first) as well as protection against capacity loss below 9 bars of capacity (out of 12) as shown on the LEAF®'s capacity gauge for a period of 8 years/160,000 kilometres. For complete information concerning coverage, conditions and exclusi see your Nissan dealer and read the actual New Vehicle Limited Warranty booklet. 30 IFCW cannot prevent collisions. See Owner's Manual for safety information. <sup>31</sup>RearView Monitor may not detect every object and does not eliminate blind spots or warn of moving objects. See Owner's Manual for safety information. 32See Owner's Manual for safety information. 33IDA cannot provide a warning in every situation. See Owner's Manual for safety information 3417C cannot prevent collisions or loss of control. Driver should remain in control of vehicle at a times. See Owner's Manual for safety information. <sup>35</sup>Brake Assist cannot prevent all collisions and may not provide warning or braking in all conditions. Driver should monitor traffic conditions and brake as needed to , prevent collisions. See Owner's Manual for safety information. <sup>36</sup>Airbags are only a supplemental restraint syster Always wear your seat belt. Rear-facing child restraints should not be placed in the front-passenger's seat. All children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Airbags will only inflate in certain accidents. See Owner's Manual for safety inforr <sup>57</sup>VDC cannot prevent collisions due to abrupt steering, carelessness, or dangerous driving techniques. It should remain on when driving, except when freeing the vehicle from mud or snow. See Owner's Manual for safety information. <sup>38</sup>TPMS is not a substitute for regular tire pressure checks. See Owner's Manual for safety information. <sup>39</sup>Vehicle must be on for the Easy-Fill Tire Alert to operate. <sup>40</sup>2019 Fuel Economy Estimates. Based on Natural Resources Canada formula of 8.9 kW/hour equal to one litre of gasoline energy, NRCAn rated the Nissan LEAF® PLUS equivalent to 2.1 Le/100 km (138 MPGe) measured as gasoline fuel efficiency in city driving and 2.5 Le/100 km (114MPGe) in highway driving, NRCAn rated the Nissan LEAF® equivalent to 2.0 Le/100 km (142 MPGe) measured as gasoline fuel efficiency in city driving and 2.4 Le/100 km (117 MPGe) in highway driving. Actua range will vary based on driving conditions, use of HVAC and/or accessories, driving habits, weight carried and vehicle's condition. Android Auto™ is a trademark of Google LLC.
